Student Assessment Level 1 and 2 checklist

These instructions are for persons lodging their application directly with the Australian High Commission rather than through a student agency or via the internet. Please note that incomplete applications may not be processed in time for the commencement of the course. This office processes complete applications first, before processing the remaining incomplete applications.

We recommend student visa applicants consider using the services of a student agency. Student agencies provide a range of services that help you make the best choice of course, plus they provide a complete service for preparation and lodgment of your student visa application for study in Australia. Many agencies also provide other services to assist you with your preparation for a stay in Australia as a student. Some agencies only deal with certain types of students in Australia. Some also charge a services fee - please see the Yellow Pages for details of student agents in Singapore.

If you wish to lodge your application on the internet and you qualify to apply in this way

See: www.immi.gov.au/e visa/

If you lodge your application with the Australian High Commission, we recommend you lodge the application at least **6 weeks** prior to the commencement date of your course

Photocopies of the following documents should be certified by a Notary Public and submitted with your application. A list of Singapore Notary Publics can be found in the Yellow Pages. In addition, any foreign language documents must be accompanied by official translations into English (please refer to the Yellow Pages for official translators).

In order that the application can be processed, please provide the following documents. All documents should be lodged together if possible.
